

MAAC Project Head Start Center Director North San Diego County

MAAC Project Head Start, a non-profit organization with an established pre-school and infant-toddler program in North San Diego County, has a Center Director position available now.

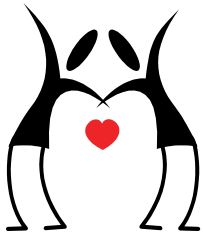

The Center Director plans, develops, implements and supervises program operations for an assigned Head Start or Early Head Start center; monitors and ensures center operations are in conformance with Head Start Performance Standards, MAAC policies and procedures, licensing regulations, Health and Safety Standards and service area plans. Participates in implementation of age appropriate curriculum and ongoing monitoring of children's cognitive and physical development. Monitors and ensures recruitment and enrollment activities, family development plans, parent participation and overall parent satisfaction. Coordinates and participates in activities of parent committees; compiles and submits site reports; and performs related duties as assigned.

Education, Training and Experience:

A typical way of obtaining the knowledge, skills and abilities outlined above is graduation from a four-year college or university with a major in early childhood education, child development or a closely related field which includes 24 semester units in child development [12 CORE units] and 3 units in administration or staff relations; and at least four years of progressively responsible teaching experience in a Head Start or child development program, at least one of which was in a lead or supervisory capacity; or an equivalent combination of training and experience.

- BA Degree Preferred; AA Degree Required
- A Child Development Permit at the Site Supervisor or Program Director level may be required.

FRINGE BENEFITS:

MAAC Project Head Start offers its employees competitive compensation and a generous benefits package. That packet includes health insurance, life insurance, dental insurance, perfect attendance incentive, sick leave, paid vacation, 12 paid holidays, a 403b plan, and a rewarding and professional work environment
